

## FLARING PUNCH FOR METAL TUBE PROCESSING

Courtesy of: **RENISHAW**<sup>®</sup>  
apply innovation™

**GENERAL  
INDUSTRY**

- **Design and manufacturer:** Addival
- **AM Technology:** Laser Powder Bed Fusion (LPBF)
- **Manufactured on:** RenAM 500Q additive manufacturing system (RENISHAW)
- **Material:** Martensitic steel (1.2709)

### Outstanding advantage:

The flaring punch design ensures technical precision, cost-effectiveness, and enhanced functionality through integrated lubrication and cleaning channels.
